

Make-Up Policy MJHS Bands

These are our policies on Make-Ups. They have worked well for a long time. We are posting these and explaining these to all classes.

There are always exceptions to every rule. When students are affected by extended absences, instrument problems, etc., the teachers have the flexibility to consider these circumstances accordingly.

1. Students have one week to make up or retake a check-off playing test.
2. Usually these are to be done on the students' own time (after class, lunch, etc.) and not on class time.
3. Make-ups affect the 6-weeks grade only and will **not** affect chairs (Make-up scores are added in on top of others to determine the 6-week grade).
4. The student makes the appointment or contacts the teacher to do this. It is the students' responsibility to make sure they are ready. The "make-up" score will be the new score, *even if it is lower*.
5. No make-ups on "0"s (for the student who will not play).
